LANGUAGE

- English
- Bangla

EXPERTISE

- Python
- Django
- Django Rest API
- Web-socket
- Version control (Git & GitHub)
- Linux & Windows
- Nginx & Gunicorn / Uvicorn
- PostgreSQL
- Problem Solving
- Stripe Payment

EXPERIENCE

Python Backend Developer
Join Venture AI | July 2025 – Now

Working on a Django REST API to build scalable backend services, focusing on clean architecture, data handling, and secure API development.

PROJECTS

Life in the UK Multi Language

Play Store App Store

Developed a RESTful API using Django REST Framework to serve study materials, practice questions, Mockest MCQ question answers, result & study progress tracking, with a subscription feature. Focused on efficient data handling, user progress tracking, and secure API endpoints.

Boosted Labs (E-Commerce)

Developed the backend API for an online medicine e-commerce website with features including AI chat support, product search and filtering, add-to-cart, checkout, order tracking, and automated payments. Implemented secure APIs, user authentication, and order confirmation emails. Ensured fast, reliable, and scalable backend performance using Python, Django Rest Framework, WebSocket, and PostgreSQL.

Dog buddy (Social media app)

Dog Buddy is a social networking platform that connects dog owners, coaches, and sitters. The app includes multi-user roles, real-time chat and group messaging, live dog location sharing, and interactive social features such as posts, likes, comments, shares, and friend connections. Users can create and manage dog profiles, participate in events hosted by coaches and sitters, and track dog activity through ranking and leaderboard systems. The platform promotes community engagement and helps users discover local dog-related activities and companions.

EDUCATION

Daffodil International University

Bachelor of Science in Computer Science and Engineering (CSE)
2021-2024

Jahangirpur Govt. College, Naogaon

Higher Secondary Certificate Examination (HSC)

Group	: Science
GPA	: 4.25
Passing Year	: 2020

Prosadpur Islamia Dakhil Madrasah, Naogaon

Dakhil Examination

Group	: Science
GPA	: 4.11
Passing Year	: 2017

ACHIEVEMENTS & CERTIFICATIONS

- Crack Dataset Contest (DIU) 2024 4th
- Django for Web Development & Machine Learning (aiQuest) 2023 2nd
- Unlock Algorithm Programming Contest (DIU) 2023 5th
- Computer Office Application 2017 A+

HOBBIES & INTERESTS

- Problem Solving
- Programming and software development
- Traveling and exploring diverse cultures
- Motorcycle riding and long-distance touring
- Photography with a focus on landscapes and street photography
- Fitness training and wellness activities
